

NCSL's Leadership Network

Led by the voice of practice

International Leadership Learning Programme

NCSL's brand new and exciting International Leadership Learning Programme (ILLP) is designed for visionary and dynamic leaders who want to explore and learn from other leaders around the world. This is a unique opportunity for headteachers, senior managers and managers of Children's Centres to participate in a 7-10 day international group visit to reflect upon leadership in an international context and investigate a particular leadership theme pertinent to school and system-wide development.

The theme for this cohort in the East of England is **Every Child Matters and Community Leadership**.

Inspiring leaders;
improving children's lives

Venue: Earlham Early Years Centre, Norwich, NR5 8DB.
Date : Thursday 11 December, 4-6pm

To register email: office@earlham-nur.norfolk.sch.uk
For more information visit: www.ncsl.org.uk/illp

Experience, learn from and share international perspectives

"In November 2007 I boarded a flight to Los Angeles with 12 headteachers. No-one would say they would not be excited at the thought of the next ten days. I met the Head of Beverly Hills High, visited a cutting edge inclusive nursery and a High School of 4,500 pupils where staff travelled around the site in golf buggies, and much more. Would I go again? Tomorrow! Did I bring what I learned back to school? Definitely!"

Jan Wiggins, Headteacher, The Hall School, Norwich.

If you would like to learn more about ILLP and how to get involved, register today and join us at Earlham Early Years Centre.
