

Certificate of School Business Management

All school administrators are invited to attend a

BRIEFING SESSION

"This Government is committed to creating a world-class education system that meets the needs of every child. School bursars have an important role to play in helping to realise that vision. Bursars can help their schools develop new ways of working. They can apply their experience and expertise to a range of tasks, allowing teachers and head teachers to focus on their professional role. Being a bursar is not just about issuing cheques. The role of bursars needs to be wide-ranging. We want bursars to have access to continuing professional development to enable them to provide that support. This programme represents a vital step on the way to achieving that goal.

Estelle Morris in her Foreword to the CSBM

The emerging role of the School Business Manager is a crucial part of the Government's commitment to the task of remodelling the school workforce. The School Business Manager will have a key role in:

- Informing and shaping strategy
- Taking the strain from heads/senior teachers
- Finance and resource management
- Leading and managing support staff
- Representing schools externally

School Business Managers may be seen in the future as 'Joint chief executives'

Nick Tomlinson 16th June 2003

Briefing Sessions will be held across the region Learn about the qualification and how to apply

| | | |
|---------------------------|----------------|--------------------------------------|
