

## **Dare 2 Dream Sporting Ambassador Programme**

We are writing to promote our exciting Dare 2 Dream Sporting Ambassador programme, bringing local professional athletes, Olympians and their supporters to Norfolk schools.

The first year of the programme was very successful, delivering motivational workshops to over twenty schools, and we are now in a position to offer Norfolk Sports Ambassadors to all Schools. Our Ambassadors can help heighten awareness of sport, health, anti-bullying and the importance of application, hard work and study.

We presently have ten Sporting Ambassadors available to attend your school or event, ranging from Norwich City hero Darren Huckerby to Paralympic finalist Danny Nobbs. The cost of these visits will be £175, per ambassador, for up to four hours of our Sporting Ambassadors time.

Last year, Sports Ambassadors were used as part of a wider school agenda, reflecting collapsed timetable days, Olympic focus days, using sport as a motivation tool, anti-bullying workshops, careers advice, sports days, competitions and assemblies. The Dare 2 Dream project also works with schools to bring inspirational speakers from the wider sports community, such as performance coaches, sports journalist and physiotherapists (the people behind the medals).

Please visit [www.sportingambassadors.co.uk](http://www.sportingambassadors.co.uk) where you can view the Sport Ambassador profiles and book your inspirational workshop.
