**Cantamus Community Choir Spring Concert**

St Margaret's Church, Thorpe Market.

Friday 30th April 2010 at 7.30 pm

Admission by programme £6 (seats bookable on 01263 833252)

Samson might have brought the roof down upon the Philistines (Judges chapter 16), but the 45 strong Cantamus Community Choir are celebrating the roof going back on St Margaret's Church, Thorpe Market ( [www.thorpemarket.org.uk](http://www.thorpemarket.org.uk) ) with a performance of Handel's oratorio "Samson". It was written immediately following the more famous "Messiah", with a libretto by Newburgh Hamilton, after John Milton's "Samson Agonistes" and was first performed at the Theatre Royal, Covent Garden on 18th February 1743. This rarely performed work has meant that library copies have had to be acquired from around the country thanks to the support of Norfolk Library Services. The work, in the style of an Italian opera, contains a number of lively choruses and is proving extremely popular with members of the choir. The soloists will be Jan Bird (Soprano), Elizabeth Knight (Contralto), Eric Forshaw (Tenor) and Clive McCombie (Bass). The organist will be Alan Morris.

### **Craft Club launched**

The Crafts Council and the UK Hand Knitting Association are joining forces with the National Federation of Women's Institutes (NFWI) to help teach youngsters to knit.

Craft Club, launched 8 January 2010, is a new national campaign to provide children and young people with the opportunity to learn craft skills from members of their community via free after-school clubs. Craft Club has been developed to ensure that craft skills still have a rightful place in the classroom.

Craft Club needs the support of schools and individual teachers and also relies on the enthusiasm and skills of the broader community in order to pass on craft skills and techniques to its participants, or 'Craft Clubbers'. Volunteers will receive specialist training at workshops across the country and will then become involved in their local Craft Club. Each Craft Club can be run in its own way – either combining efforts to achieve a shared goal or working individually in the company of friends on solo projects.

The first skills that Craft Club will focus on are knitting and yarn crafts, enlisting the help of local

knitting groups, WI members and all other enthusiastic knitters. Knitting provides a sense of achievement, helps boost self confidence and improves dexterity, maths and handwriting. The Craft Club website will provide volunteers with access to teaching tools, practical tips and project ideas and Craft Clubbers with a forum to share patterns, ideas for projects and contact other like-minded Craft Clubbers across the country.
