

NEW CONTRACT REFUSE COLLECTION - Contract 379

Schools are reminded that the new contract for refuse collection is in place. Schools should be aware that the contract is no longer with Biffa, guidance on how to cancel an existing contract with Biffa can be obtained by emailing m.watkins@espo.org using the subject line "Cancelling with Biffa".

The new suppliers on the contract are Glazewing & Veolia ES and full details on prices and sizes of bins can be found at www.espodealingdirect.org and searching for Refuse Collection. Customers who already use Veolia can request to be transferred to the ESPO contract by contacting the Veolia Account manager as detailed within the contract information.

Please also note that as requested by many sites the new contract also includes a major recycling element which allows schools to opt for "co-mingled" recycling bins meaning that cardboard, paper and plastic can be placed in the same bin and will be recycled.

COST SAVINGS ON AIR FRESHENERS

Schools renting air fresheners may want to look at the cost savings of buying their own via ESPO.

Page 918 in the catalogue Item B is a Jeyes Starter pack which includes the unit, batteries and 3 cans of fragrance for £28.47. Further cans of fragrance can be ordered as required via ESPO
